

Love is the greatest thing

Have hope and show kindness

- I know I am special and unique
- I know that God made me wonderful
- I can keep myself healthy by eating fruit and vegetables
- I can keep myself healthy by playing games outside
- I can keep myself healthy by washing my hands
- I can use kind hands and kind words
- I know what I can do when I feel sad or upset

Keep going – even when it's hard

Persevere in everything

- I keep trying and don't give up
- I keep trying to do my best work
- I can ask a friend or grown-up to help

It's not all about me!

Compassion and Respect

Listen carefully to others and be respectful

- I can use kind hands and kind words
- I can show love to others
- I can use my manners (please and thank you)
- I can listen to others including my teacher
- I can show good sitting on the carpet
- I can carefully look after the classroom
- I can walk around the classroom and school
- I can share with a friend

Have mercy on others

Forgive each other

- I know when I need to say sorry and do it
- When a friend says sorry to me, I forgive them
- I choose to use kind words
- I know what I can do when I feel sad or upset

When in doubt,
tell the TRUTH.

Mark Twain

Honesty is the best policy

Truthfulness

Tell the truth

- I know what makes me special and different to my friends
- I know who I can talk to when I feel sad or upset
- I try hard to tell the truth
