Section B - Applicant's supporting Statement

If there is more than one nomination, this statement will be circulated to all parents to vote for their preferred nominee and the nominee with the most number of votes will be duly elected.

Name of Nominee: CHARLOTTE PATTON.

I would like to be a school governor at St. Anne's as I would like to help shape our children's time at St Anne's. I believe that all children matter and their education is paramount and I'd like to support the school and the teachers to help them achieve their full potential.

Section B - Applicant's supporting Statement

If there is more than one nomination, this statement will be circulated to all parents to vote for their preferred nominee and the nominee with the most number of votes will be duly elected.

<p>Name of Nominee: CARL TAYLOR</p>
<p>In support of my application to become a Parent Governor at St Anne's Catholic Voluntary Academy (CVA), please see below the key attributes and experience I believe I would bring to the role:</p> <ul style="list-style-type: none">- I am a Fellow of the Institute of Chartered Accountants in England and Wales (ICAEW), with over 10 years' qualified experience. I am bound by the ICAEW's code of ethics, which is based on the five fundamental principles below, all of which align well to the Nolan Principles by which Governors are guided, and would serve me well as a member of the Governing Board:<ol style="list-style-type: none">1. Integrity2. Objectivity3. Professional competence and due care4. Confidentiality5. Professional behaviour - As a finance leader in my employment, the key required skills of a Governor are also key aspects of my day-to-day role. As a leader of a team, strong people skills are a necessity, engaging with others in order to drive forward required actions and success, challenging as well as listening to all members of the team. Working together as a team to achieve a common goal.<p>At the core of the finance profession is the ability to take data and bring it to life through reporting, regularly presenting to non-finance colleagues. Again, communication and engagement with others is important here, in order to both present and understand information provided in different formats.</p> - Whilst having no direct professional experience within an educational setting, my practical experience is strong, having operated for the last two years as Treasurer of the Friends of St Anne's (FOSA), the school PTA. I am passionate about driving engagement in the school community for the betterment of our children's school experiences, and believe I can continue to build on this as part of the Governing Board. My wife is also a teacher at St Thomas More CVA and for these reasons I feel integrated in the workings of the Catholic Multi Academy Trust (CMAT) and believe I have the desired skills sought in this area at St Anne's CVA. - Aligned with my passion for driving engagement in the school community is my experience of driving engagement in the wider Buxton community, through my voluntary work with Buxton Football Club. As part of my role, I help promote the Club and its position in the community through its social channels, as well as being a volunteer football coach for the Girls' Development Squad. I am keen to drive further engagement of the Club within the local community and I believe my experience in this area would be of value to the Governing Board in another sought after area. - Whilst I am not a practicing Catholic, I am a regular attendee at St Anne's Church with my family and would consider myself as a member of the Parish. The Catholic life of the school is important to me, and I would be committed to monitoring and upholding this in the role of Parent Governor.
